245 subscribers - 255 non-subscribers

AVG PURCHASE AMOUNT

\$167.35

Range: \$20.23 – \$299.48

AVG REVIEW RATING

2.93 / 5.0

Top product: Blouse (3.23)

Subscription split

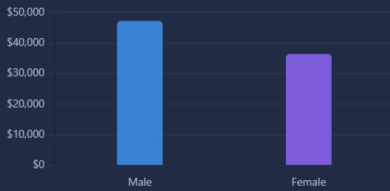

Share of customers by subscription status

Subscriber 49% Non-subscriber 51%

Revenue by gender

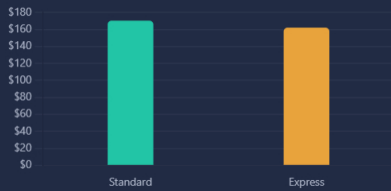

Total revenue and order count

Male customers generate 29.6% more revenue, driven by order volume (277 vs 223) rather than higher per-order spend.

Shipping type spend

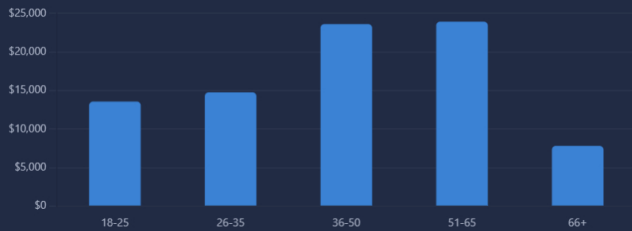

Standard vs Express

Standard shipping customers spend \$8.20 more per order on average than Express customers.

Revenue by age group

Column chart - 5 age brackets

The 36–50 and 51–65 brackets together generate 56.8% of total revenue (\$47,547).

Customer segmentation

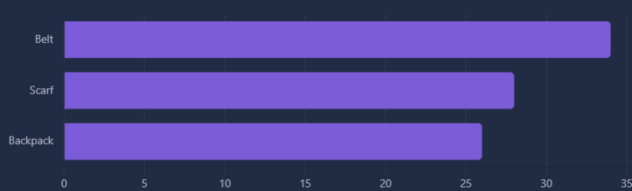

New / Returning / Loyal - by previous purchases

Returning customers (60.2% of the base) are the largest revenue contributor and the prime target for conversion to Loyal.

Top 5 products by review rating

Minimum 5 reviews

1	Blouse (Clothing)	3.23
2	Coat (Outerwear)	3.22
3	Sandals (Footwear)	3.21
4	Boots (Footwear)	3.14
5	Skirt (Clothing)	3.03

Overall average rating is 2.93/5.0 — even the top-rated products stay below 3.5, pointing to a systemic satisfaction opportunity.
